MEDICATION Management Program

Medication Management can be overwhelming, costly, and can lead to unintentional errors and harm.

ALFA Pharmacy's Medication Management Program is designed to simplify this complex process for patients, improve adherence, and minimize errors.

Here is how it works:

- What ALFA Pharmacy will do for you:**
 - 1) Pharmacist will call or meet you at home or other preferred location
 - 2) Review your medical conditions and all your medications
 - 3) Identify areas of improvement and discuss them with your doctors
 - 5) Sync all your medications so they can be filled together on a monthly basis
 - 6) Use customized packaging to help you better Keep up with your medications and minimize errors
 - 7) Process all your pharmacy claims through your insurance
 - 8) Deliver your medications to your door once a month
 - 9) Pharmacy team will contact you on an ongoing basis to discuss your medical conditions and medication needs
 - 10) You will only pay the 30 day copayments based on your insurance policy and any uncovered over the counter medications.**

- What is expected of you:**
 - 1) Be available to meet or speak with the pharmacist
 - 2) Share your concerns & Provide the pharmacist with accurate medication list
 - 3) Return pharmacy calls and notify us of any medication changes or concerns.
